## AZ Cleaning Agent

Animal - Automotive - **Common** - Facility - Fireprevention - Home&Garden - Maritime - Sports

Product Description	Treatment	Specifications:
<p><b>Use and Benefit:</b></p> <p>Global Prefer® AZ Cleaning Agent is a highly effective cleaning agent. The innovative micro-splitting method allows for a thorough cleaning without harmful tensides, solvents, enzymes and bleaching agents. Removes staining, such as oil, grease, smoke, nicotine, carbon black, tenside residue, wax, and the like from marble, terrazzo, granite, tiles, stoneware, glass, ceramic and synthetic surfaces. The product is also ideal for the use in canteen kitchens for degreasing any kind of surface, especially on safety and anti slippery floors; suitable for both manual and mechanical cleaning. The product is intended for the pretreatment of surfaces that will be treated, for example, with Global Prefer® sealings afterwards.</p> <ul style="list-style-type: none"> <li>• Highly effective cleaning agent</li> <li>• For degreasing any kind of surface</li> <li>• Suitable for both manual and mechanical cleaning</li> </ul>	<p><b>Preparation:</b></p> <p>Test all surfaces for their cleaning suitability prior to commencing any cleaning operations.</p> <p><b>Application:</b></p> <p>Spray Global Prefer® AZ Cleaning Agent on the subsurface and thoroughly wipe or rinse with water afterwards.
